INSTRUCTIONS FOR FILING APPLICATIONS FOR BOARD OF ADJUSTMENT HEARINGS

1. TYPE OF HEARING (REQUEST) CONSIDERED BY THE BOARD OF ADJUSTMENT:

VARIANCE

A variance is a relaxation of certain regulations contained in the Code of the City of Miami Beach where such variance shall not be contrary to the public interest and where, owing to conditions peculiar to the property and not the result of the actions of the applicant, a literal enforcement of the Code would result in unnecessary and undue hardship. As used in the Code, a variance for the following items is prohibited: Floor Area Ratio, or for Lot Area when determining floor area ratios; and for required parking. Exemption: The Board of Adjustment may grant a variance for up to a maximum of 20% of the total amount of parking required for a hotel and related accessory uses. Establishment or expansion of a use otherwise prohibited shall not be allowed by variance, nor shall a variance be granted because of the presence of non-conformities in the zoning district or uses in an adjoining zoning district.

APPEAL FROM ADMINISTRATIVE DECISION

When it is alleged that there is an error in any order, requirement, decision, or determination made by an administrative official in the enforcement of the Code of the City of Miami Beach.

Any order or decision of the Board of Adjustment shall require an affirmative four-fifths vote of the Board. The decision of the Board shall be final and there shall be no further review except by resort to a court of competent jurisdiction.

2. ACCEPTANCE PERIODS FOR APPLICATIONS

Fully completed application packages must be submitted to the Board of Adjustment Secretary by 12:00 p.m. (noon) of the cut-off date in order to be considered by the Board of Adjustment for the corresponding meeting date. 5. PRELIMINARY REVIEW OF APPLICATION WITH STAFF

Before submitting an application, it is advisable to discuss your proposal with staff members of the Planning Department in order to avoid filing an incomplete or improper application and plans.

After filing your application and inasmuch as the Planning and Zoning Director and Public Works Director sit as ex-officio members of the Board and make recommendations, it is suggested that you review your variance requests with them.

As part of the review, your property may be subject to various inspections by City Personnel. If Building, Property Maintenance Standards, Marine or Zoning violations are found, your request for a public hearing will be deferred until such violations are corrected.

6. TO ESTABLISH HARDSHIP, APPLICANT MUST BE PREPARED TO SHOW THE FOLLOWING:

- A. THAT special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same zoning district;
- B. THAT the special conditions and circumstances do not result from the action of the applicant;
- C. THAT granting the variance requested will not confer on the applicant any special privilege that is denied by these land development regulations to other lands, buildings, or structures in the same zoning district;
- D. THAT literal interpretation of the provisions of these land development regulations would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district under the terms of these land development regulations and would work unnecessary and undue hardship on the applicant;
- E. THAT the variance granted is the minimum variance that will make possible the reasonable use of the land, building or structure;
- F. THAT the granting of the variance will be in harmony with the general intent and purpose of these land development regulations and that such variance will not be injurious to the area involved or otherwise detrimental to the public welfare; and
- G. THAT the granting of this request is consistent with the comprehensive plan and does not reduce the levels of service as set forth in the plan. The Planning and Zoning Director may require applicants to submit documentation to support this requirement prior to the scheduling of a public hearing or anytime prior to the Board of Adjustment voting on the applicant's request.

*If the Board of Adjustment denies the VARIANCE and the applicant feels that the preceding seven elements have been established beyond a reasonable doubt, the applicant may appeal to the Courts, which will reverse the decision of the Board if it is found to be arbitrary.
THE APPLICANT MAY NOT APPEAL TO THE CITY COMMISSION*

7. RESPONSIBILITY OF APPLICANT

It is the responsibility of the applicant to assure that all questions in the application and all required supplementary data are submitted at the time of the filing of the application, and that all answers, plans and supplementary data are accurate and complete. All required fees, plans and supplementary data must be submitted at the same time as the application is filed, or the application will be incomplete.
